Understanding the Coverage Gap

It's called the "coverage gap" because your plan provides only partial coverage between \$2,960 and \$4,700.

It's a little confusing but here's how it works:

Some Part D plans provide additional coverage when you're in the coverage gap. So, if you use a lot of prescription medicines, you'll probably want to think about such a plan.

*Applies only to drugs covered by the selected plan ** Some have additional coverage while the member is in the gap
